

Suit Filed To Halt GC Purchase Of \$5250 Tract

**Partney, Rutledge Say
Council Acted Outside
Authority Of Law**

A lawsuit to halt a city expenditure of \$5250 for a 35 x 295-foot tract along Wabash avenue was filed Friday in the city court by two members of the aldermanic board—Donald Partney and Paul Rutledge.

The two Fourth Ward aldermen point out in their complaint that the purchase of the property "would cause an unlawful diversion of monies raised by taxation and would be in violation of the rights of the plaintiffs and to their injury as taxpayers . . . for which they have not adequate remedy at law."

Named as defendants were the city, Mayor Davis, who is hospitalized; Mayor Pro-Tem Rufus LeMaster, Clerk A. L. Stevens and Comptroller John Doshier.

Trying To Fool People
Commenting on the suit, Rutledge said there has been much comment that the city had "slashed" the city budget this year. "Now they're trying to fool the people by going in the back door and spending thousands that are not in the budget. If this was an emergency, it would be different. If the council doesn't stop spending extra money, the city will be in the red again this year," Rutledge added.

Partney also stressed the purchase was not an emergency measure and could have been included in the budget if the council members had intended to present the picture of a budget cut.

There's nothing we can do on the council floor to halt this type of action, so we decided to test the matter in court."

While they are members of the aldermanic board, Partney and Rutledge filed the suit as property owners and taxpayers, stressing that the \$5250 amount was not specified in the city's

Suit Filed

(Continued from Page 1.)

annual appropriation ordinance adopted July 23, 1962.

The complaint states the council adopted a resolution for the \$2500 purchase of the tract along the east side of Wabash avenue between Pontoon road and Amos avenue from Vergie Spalding and George W. Stearns.

They allege the resolution was beyond the lawful authority of the council because there was no provision in the city budget for the purchase.

Partney and Rutledge, through their attorney, Horace L. Calvo, are asking the court to permanently restrain and enjoin the defendants from entering into the purchase contract.

Proposed Months Ago

Purchase of the tract was proposed early this year by Eighth Ward Alderman Frank Vest. About a month ago, Vest again recommended the purchase, saying the owners had an opportunity to sell the larger tract along Pontoon road and were holding the 35-foot strip for sale. Vest said he was acting on the advice of the city engineer.

He has pointed out the added ground will eliminate a hazardous condition at the Pontoon road and Amos avenues intersections with Wabash avenue.

Resolution Never Read

The resolution, which was not read, was placed on first reading at the Sept. 24 meeting of the council and was resubmitted again on Oct. 1 for final passage. Again it was not read, and City Atty. John Gitchoff asked about the terms of purchase and if the land was to be bought over a period of years or in one year. Vest replied it would be purchased in one year to save interest costs.

Partney and Rutledge voted against the purchase as did Aldermen Charles Meyer, Robert Whitman, and Alderwoman Mrs. Gabrielle Betine.

They debated that Wabash avenue intersects where it intersects Johnson road.

Larry Lipe Elected To Temple Office

Installation ceremonies will be held Oct. 16 at the Masonic Temple for newly-elected officers of the Granite City Chapter, Order of DeMolay. Larry Lipe, son of M. and Mrs. Leo Lipe, 1738 Pontoon road, is the new master counselor for the first term of 1963.

He is a senior at Granite City high school.

Other officers elected were Charles Mihm, senior counselor; David Toth, junior counselor; Theodore Bourbon, chaplain; William Roud, treasurer; and Robin Bowers, scribe.

Hodge's Parole Hearing At Springfield Tuesday

A hearing for former state auditor Orville Hodge is scheduled before the Illinois Pardon and Parole Board in Springfield tomorrow.

Hodge, currently serving a 12-15-year sentence at St. Clair prison for looting the state treasury of more than \$1 million, is seeking executive clemency which would make him eligible for parole.

Two previous pleas for clemency have been denied. Without approval of his plea, he will be ineligible for parole until November 1963. He has been in prison since 1956.

Hodge's attorneys have indicated they will seek either a full pardon or a shorter sentence for the former state official. Petitions are being circulated here requesting Gov. Kerr to shorten Hodge's sentence.

'Bosses' Panel Highlights Meeting Of Secretaries

A "bosses" panel highlighted the meeting of the Tri-Cities Chapter of National Secretaries Association (International) Thursday evening at the Rose Bowl. Questions from the secretaries were directed at the four "bosses" who were N. R. Brinks, works manager, A. O. Smith Corp.; A. W. Buchner, plant manager, Johns-Manville Products Corp.; Rayburn Phillips, manager, RC Cola plant; and Larry Sidener, owner and manager of Sidener Supply Co.

When asked the opening question of the evening "what are the qualities you would look for when hiring a secretary?" all were in agreement that when applying for a secretarial position the girl would undoubtedly have all the mechanical part of the job under control. She would not be seeking secretarial work if she had not been trained for this type of work. In Mr. Brinks' words, "she would have to have a pleasing personality, the definite ability to get along with people, and a certain knowledge of psychology."

Mr. Phillips said a secretary must have a positive attitude. She must also definitely have a cooperative spirit.

Mr. Sidener stated that neatness was of utmost importance for a secretary.

Mr. Buchner said a good secretary would anticipate her "boss's" needs and could relieve him of many small duties, allowing him time to devote to the physical operation of his plant.

In addition to the 18 members present, there were seven guests, Daisy Pashea, Marie Naevie, Peggy Bilyeu, Mary Frances Finkston, Catherine Klug, Ruby Rhine and Jean Byrnes.

During the business session conducted by Dorothy Lawrence, vice-president, a report was given on the progress of plans for a hat sale the club is planning Oct. 20. It will be held from 10 a.m. to 9 p.m. in the lobby of the Washington Theatre. There will be no admission charge and hats will be sold for \$3.98 each. There will be 200 fall fashions to choose from, and the proceeds will go toward the regular operation of the Association, as well as for civic and charitable programs now being arranged.

Reports of the secretary and treasurer were given, as well as that of the civic committee. In lieu of a cash contribution to the United Fund the secretaries are donating their time to assisting with the campaign.

Edwardsville Hands Prather First Loss

An 18-yard touchdown sweep by Paul Hoskins stood up as the game's only score Thursday night in Edwardsville, where the Tiger freshman squad handed Prather junior high school its first football defeat in three games this fall, 7-0.

Hoskins ran over with 1:30 left in the first half and Don Poot plunged for the extra point. Edwardsville controlled play in the first half, with the Chiefs able to run only seven plays from scrimmage.

A 48-yard punt return for a Prather TD by Len Revell in the third quarter was nullified by a clipping penalty, and the Chiefs had a go-ahead drive stopped inside the Edwardsville one foot line later in the same period. Thursday's participants both have 2-1 records at this point.

Prather plays at 4 p.m. Wednesday in Collinsville against Webster junior high school.

GC Sops Leve Madison in Dark With 26-0 Win

Scoring four times in the first half, Granite City high school's sophomore football club blanked Madison in Madison Thursday night in a contest which was halted abruptly midway through the third quarter.

Lights at the MHS field failed with six minutes remaining in the third period, and when efforts to repair them failed, the GCSSS Sops came home with a 26-0 victory, their first in four games.

For Madison, chiefly a freshman team, it was the third time in three games that the little Trojans had been shut out.

Granite City drove 45 yards in the first quarter, with quarterback Doug Winfield sneaking the final yard for the game's first score. Joe Hauptman booted the extra point.

Another first-quarter drive carried 65 yards, with Ethan Allen going the final 12 on a drive to give GCSSS a 13-0 lead.

Rich Bledsoe took a 15-yard pass from Winfield to score the visitors' third TD in the second quarter after the GCSSS sophomores had marched 70 yards. Hauptman again converted to up the score to 20-0.

Gary McGauley turned in a 35-yard touchdown run late in the second period to end the scoring. Madison moved as late as the Granite City 20 in the second quarter, mainly on the running of halfback Paul Lusk.

End Jerry Line, linebacker Ray Snelson and tackle John Wenden and Chuck Mizerski were cited for their defensive play by GC soph Coach Roger Manuel.

Madison will play a sophomore game in Dupo today at 4 p.m., while Wood River calls on the GCSSS sophomores at 7 o'clock tonight.

Tigers Win Belleville Run, GC 8th

Alton's George Hunt was the individual winner, but favored Edwardsville had the depth as the Tigers won the team title from among 16 entries in Friday's Belleville invitational cross-country run.

Granite City finished eighth among the teams entered.

Hunt ran the course in 10:00 to beat out Beaumont's Erik May. Ron Schmidt of Edwardsville was third, one of four Tiger runners to finish in the top 20.

In the "B" division for smaller schools, Mascoutah, Dupo and Triad were the 1-2-3 finishers from among teams representing 10 schools.

The point totals: Edwardsville 58, Hadley Tech 96, Alton 120, Cahokia 162, East St. Louis 168, Beaumont 174, Southwest 207, Granite City 241, Cleveland 244, Summer 249, Belleville 251, Vashon 262, Collinsville 267, Lincoln (St. Louis) 329, Wood River 349 and West Frankfort 358.

Coach Dick Harmon's Warriors are involved in a dual meet at 4 p.m. tomorrow in Cahokia.

Late Score Keeps Coolidge Unbeaten

Scoring a tie-breaking touchdown in the final 2 1/2 minutes of play, Coolidge junior high school preserved its unbeaten football record here Thursday with a 14-7 victory over visiting North JHS of Collinsville.

The Braves, in a 7-7 deadlock, staged a 70-yard drive late in the fourth quarter, most of it on the ground, to move to the North 16, from where Jim Millard ran over for the decisive score.

Coolidge scored first in the opening period, with Tim Hacksey's one-yard plunge for the score set up on Jim Vallofco's run from 1st North 30 to the one yard line. Greg Wozniak hit up the middle for the extra point.

Collinsville tied the score by partially blocking a Coolidge return in the third quarter, returning the ball 50 yards for the TD and passing for the extra point.

Wozniak added the conversion after the Braves' second score, also on a line plunge. Bob Ward's Braves, now 3-0, will play Roxana here Wednesday at 4 p.m.

Rampaging Redbirds Run Roughshod Over Warriors

Mitchell And Gantz Each Score Twice In 33-0 Romp

"It'd be too bad if it rained here Friday night," Granite City high school football Coach Al Lewis said earlier in the week, half hopefully and half in jest while he discussed Alton's

vaunted running attack and how a muddy field might affect it.

The rains came Saturday, a day too late, but lightning struck in various and sundry places Friday on the GCHS football field as Ralph McClain's winged Redbirds lived up to their advance billing with a 33-0 Southwestern conference romp over the hapless Happy Warriors.

Alton dominated every phase of Friday night's play before another capacity crowd here, and got two-touchdown performances from quarterback Danny Gantz and Terry Mitchell in

boosting its 1963 gridiron mark to 4-0 and its SWC record to 2-0.

The Warriors, who are finding competition within the league no picnic, are now 2-2 with an 0-2 Southwestern record.

The Redbirds are apparently pointing in the direction of an Oct. 26 showdown battle with Belleville, which blasted Wood River 28-7 Friday. The Maroons are unbeaten, as is Collinsville, which was scored on for the first time in Edwardsville Friday but outlasted the Tigers, 18-14.

Line Turns Tide

Alton's speed and backfield depth were not to be overlooked here Friday, but it was an aggressive and hard-charging

line, especially on defense, which early turned the tide in the visitors' favor.

The Warriors simply could not run against it. They lost 13 yards in 14 rushing plays during the second half, and were limited to a net of 36 yards on the ground for the entire game while Alton was running for 280.

Lewis, who had promised a few surprises on offense, opened his bag of tricks just once early in the game when GC ran from the shotgun formation on the first series of downs.

A pass interference call for the Warriors, a first down but the second of two fumbles in the first four minutes was re-

covered by Alton on GC's 47 and school was first.

Gantz, looking at this stage like a top candidate for all-conference honors, moved the Birds to Granite City's 13 in five plays and scored himself on a keeper, right down the middle. Vick Schwartz's kick for the extra point was wide.

Alton made it 13-0 on the third play of the second period, driving from its own 10 in 11 plays with halfback speedster Terry Mitchell taking the ball, smashing across from behind some really crisp blocking.

The teams exchanged punts after the kickoff, and Warrior fullback Norm Wilfong turned

in his team's longest ground gain of the night, a 24-yard jaunt, before Granite City turned the ball over again by fumbling at its own 34.

Alton punched to the GC one, with Mitchell gaining 21 of the yards in one bite. From there, Gantz juggled the leather around right and left, and the Redbirds' third score with 43 seconds until halftime. Schwartz's kick made it 20-0 Alton at the intermission.

Reserve halfback Ray Wallace, one of eight in McClain's stable, smashed across from five yards out with 1:30 left in the third period to cap an Alton drive which carried 57 yards in eight plays and was the only

TD series of the quarter. Schwartz added his third point from placement and it was 27-0.

Penetrate To 30

GC quarterback Bill Lierman's 25-yard pass gain to end the Ron Yates early in the third period helped the Warriors move as deep as the Alton 30, their farthest penetration of the night. But two more passes fell incomplete and the Redbirds took over at their own 23.

Ten plays and three first downs later they had their final score as Mitchell sliced in from the GC four. Mitchell picked up 110 yards in 14 carries for a 7.8 average. Wilfong topped GC carriers with a 6.8-yard average on 48 yards in seven tries.

Devils Drop Two Games On Diamond

The long ball and unlearned runs spelled two more defeats last weekend for Venice high school's baseball squad, which fell before Fairview, Mo., for the second time this fall Thursday at Lee Park 8-1, and dropped a 3-2 conference decision to Bunker Hill in Venice the following afternoon.

Fairview catcher Don Caudle hit two three-run homers off late Pete Fields Thursday as Fairview tumbled its scoring, getting four in the first and three more in the third. Venice scored its single run in the sixth inning.

The Devils took a 2-1 lead into the seventh frame at Lee Park against Madison-Clinton-Macoupin counties conference foe Bunker Hill Friday, but an error opened the door for four unearned runs and a 3-2 win for the Minutemen. Ken McMullen was the losing pitcher for Venice.

The Devils played their final game of the fall baseball season in Aviston at 4 p.m. today. The contest was rained out on Sept. 14.

TIGER TAMED. Dupo fullback Don Holmes, his chin strap dangling, made short yardage in Madison Friday night before Trojan defender Tom Lubak moved up to make the stop. Dupo and Madison struggled to a 13-13 tie in a Midwestern conference contest. No. 21 is Dupo's Don Cross.

Braves Win; 'World Series' Tied

Griffiths Tosses One-Hit Shutout At Hearts; Deciding Game At Troy

An unearned run, the only run of the game, and the fine one-hit hurling of Lonnie Griffiths gave the Pochontas Braves another life in the Inter-City Baseball league cup playoffs yesterday in Pochontas.

The Braves capitalized on a fifth-inning throwing error by Granite City Sacred Heart to score a 1-0 victory in the second game of the playoffs, gain a tie in the series and force a sudden death third game next week on neutral Moonlight field in Troy.

John Rains, who threw a four-hitter and worked out of trouble twice in the early innings, was the loser.

to the plate and McKinney scored.

Come Close In Sixth
The Hearts came close to tying it in the sixth when playing manager Paul Schuler tried to score second on an infield out. He collided with Braves' catcher Larry Manley at the plate, knocking Manley's glove off. But Manley held the ball in his bare hand.

Jim McKeehan had the Hearts' only hit, a single up the middle in the seventh.

Pochontas loaded the bases against Rains in the first, but could not score. The Braves threatened again in the third with two baserunners, but again Rains escaped.

Griffiths was in trouble only in the sixth. He struck out 10 while Rains was whiffing six, and with two out, McKinney and Novak tried a double steal. Heart shortstop Jim Bain cut off the throw, but threw badly

LARGER POWERPLANT as standard equipment and unusual reverse slope rear window which can be raised and lowered are new features on the 1963 Monterey, Mercury's full-size series. Monterey, Meteor and Comet models are now on display at Tri-City Motor Co. here.

Mercury Models For 1963 Have 385-405 Horsepower

The restyled Monterey, featuring a reverse-sloped rear window, headlines the new 1963 Mercury models now on display in the showrooms of dealers

across the country, including Tri-City Motor Co. at 21st street and Madison avenue.

Mercury's Meteor, the middle-size model introduced last fall, has led Lincoln-Mercury division of the Ford Motor Co. to expand the car to a full line for 1963, while the compact Comet will feature two convertibles among its new models.

The unique rear window in the full-sized Monterey raises and lowers to improve ventilation, and its forward slant increases rear seat headroom. Externally, all major sheet metal and ornamentation have been changed, with new blade-type fenders, a new bumper design and a concave grille.

A 250-horsepower engine is standard equipment in Monterey models this year, uses regular grade fuel. With four-barrel option and premium fuel the

horsepower is increased to 300. Four and six barrel options on a Marauder V-8, extra cost options, increase horsepower to 385 and 405, with the latter available only with a four-speed, manual transmission.

There are 11 Monterey models in four series, including two and four-door hardtops, convertibles and wagons.

Meteor, offered in only two body styles last year, is expanded with five new for 1963—two new hardtops, one a sporty, bucket-seat model, and three new station wagons, all four-door models.

Expect 350 Teenagers In Local JA Firms

An estimated 350 Quad-Cities teenagers will participate in 17 miniature corporations which will begin operations today with the opening of the 1962-63 Junior Achievement program.

They will become part-time businessmen—and women—in an effort to successfully own and operate their own firms. The youngsters will work under the guidance of counselors from eight cooperating area "parent" firms.

Under a new counseling plan to be used in the Mississippi Valley JA area this year, the number of teenage companies has been expanded by 12%, according to Associate Director Don Mueller. Adult advisers have been decreased by 60%, Mueller said.

Nurse Education Lecture By Dr. Bart On Thursday

Treatment and surgery for back injuries will be the topic of this week's Continuing Education Program for nurses in the Quad-Cities area.

The lecture will be given by Dr. Bart Cole, MD, at 7:15 p.m. Thursday in the cafeteria at St. Elizabeth Hospital.

All nurses are invited to attend.

GC Firemen Push Prevention During Week-Long Program

Fire prevention week got a boost from Granite City firemen today as they began a campaign to remind students in the local schools of potential fire hazards and safety measures which may be taken.

Under the direction of Assistant Fire Chief Curtis E. Donley, firemen will visit schools to check evacuation procedures. Afterward, the firemen will visit with students and distribute Junior Fire Marshal badges, hats and magazines.

Donley said 5500 badges and magazines have been furnished by the Tri-Cities Independent Insurance Association for distribution to the students. In addition, a fire prevention banner will be given each school and a Junior Fire Marshal cap will be provided for one student to be chosen in each room.

More Detailed Promotion

Fire prevention week has been promoted in the past by local firemen. Donley said, but not to the extent it will be this year. With the support of the independent insurance agents, he said, the fire department will engage in a week-long program to educate the public to fire hazards.

Donley pointed out that much of the work carried out by the fire department on a year-around basis gains little public notice. Under the direction of Chief Elijah King, Donley and

other firemen conduct fire drills, inspect buildings and fire extinguishers, give class on fire prevention and perform a number of other tasks along a similar line.

A future project planned by the department is an evacuation program for patients from various sections of St. Elizabeth Hospital to other parts of the building in the event of a fire there. Donley said the department maintain a file of floor plans and drawings of all major buildings in the city, including stores and business firms.

Educational aids are maintained by the department for use in classes and panel discussions, the assistant chief said. He added that the department welcomes the opportunity to help local schools and other organizations with fire prevention classes or discussions.

Show Chair Ignited

An example of the type of studies made by the firemen for educational purposes is illustrated in a series of pictures showing the length of time which can elapse after a cigarette is dropped before an actual blaze is visible. In the instance depicted, it took 30 minutes.

Donley emphasized that fire prevention week activities, which will run through Saturday, are intended to call attention to conditions which exist constantly.

No Change Last Month In Namekoi Twp. Relief

Total relief disbursements for seven months of the current fiscal year amount to \$27,729 compared to \$43,628 in the same period last year.

Man Collapses During Golden Anniversary

Louis Willard, 78, of 2680 Grand avenue, was listed in fair condition and improved this morning at St. Elizabeth Hospital. He is under observation and undergoing tests after collapsing at his home during his anniversary celebration Sunday.

The police department was called, and he was taken to the hospital by ambulance. He administered oxygen on the way. Relatives said his collapse was due to the excitement.

A new high mark in the sale of city automobile licenses was reached today when 4117 tags were reported sold by City Clerk Edwin Ring. The drive on delinquents is still going on and another 100 may be added to this figure, Chief of Police John Tappel said.

J. M. Moss, 2137 Madison avenue, has on display three large pumpkins that total 367 pounds. The largest of the three weighs 145 pounds.

These pumpkins were grown at Sand Prairie and are of the thin rind variety. It was estimated that the three pumpkins will produce close to 300 pies.

A large audience viewed the installation last night of new officers and leaders at the Nidringhaus Memorial Methodist Episcopal Church. The pastor, the Rev. Roy N. Kean, was in charge of the induction service. Ninety-one of the new church officials were present for the ceremony. The church has approximately 100 officers and department leaders.

Post No. 1309 of the Veterans of Foreign Wars held its annual election of post officers Friday evening at the Old Fellows hall and elected William Reinhardt as commander; Robert Abel, senior vice-commander; Edward Hommert, junior vice-commander; Fredrick Hoebecke, chaplain; Joseph Stantell, quartermaster; W. P. Coolidge, secretary; and Dr. E. A. Purnell, post surgeon.

Wages paid to Granite City men employed in manufacturing industries are the highest in the state, according to a report of the Illinois labor department on employment, payrolls and average weekly earnings. Workmen in local industries averaged \$29.92 a week against a statewide average of \$29.97.

The first in a series of five parties to raise funds for "extraordinary" building repairs at Sacred Heart Church will be held Sunday in the church basement. Subsequent affairs will be given by the young men, married men and the last one by the entire parish as a group. Fr. Michael Castello, pastor of the church, said repairs on the building this year were unusually large, new roof, new stalls and nearly \$600 was spent to exterminate termites.

Roy Eggehoff, son of Alderman and Mrs. Steve Eggehoff, 224 Washington street, is a sophomore at the St. Louis College of Pharmacy, was elected vice-president of the class.

The Forum

PEOPLE HURT THEMSELVES BY OPPOSING BOND ISSUE

To the Editor:

The \$100,000 bond issue failure was a bitter disappointment, not from a defeat standpoint, but for the great loss to the city and its people.

Many wise not paying attention; many did not listen. It is difficult to surmise why the people did not accept the recommendation of the Citizens' Committee which was working in their behalf. Obviously, they did not realize the importance of the outcome of this election.

It is a black, black day in Granite City's history and a black mark against the community.

What an individual does as an individual is not always reflected in the same way in a community offense. If an individual receives a traffic ticket or is cited for some offense, he would avoid it, and avoid breaking the law, in a community offense, that same individual may wait to have an order issued against himself and his community.

As the technical advisor, Mr. Klassen, pointed out, as individuals we would not care for sewage out on the streets; yet, as a community, this is exactly what we are doing. We have been in such violation for some years now.

It was hoped the people would vote to take care of their problems voluntarily, to have a controlled plan that was outside the supervision of the city officials, to take it out of the political overcast. You can see if the people say they are confused, they can confuse the ones who are trying to help them.

As a community, we are having an order issued against us by the state of Illinois. We will be forced to take care of our legal and municipal responsibilities.

This will be either in conjunction with and by inclusion with the Levee Board or by separate basis. In either way, we are cited and the city will be forced to appear at a hearing in Springfield in order to be ordered against us. We will be forced to obey.

All of this was not understood, clearly, nor was it earnestly believed.

It should have been.

spilled. They were spilled by writing in the word, "yes," or by placing an "X" under word, "yes," instead of in the box to the right of the ballot.

To those who voted favorably, there is gratitude, at least, for their support. For those who voted against the issue, there is great regret for not taking hold of a community problem free of political suspicion.

During the talks in the past month, many expressions were heard denoting a great regret. In the city administration, yet, most of the city officials were working against this program, as they were against the issue.

It is back in the hands of the city officials. The people did this. I don't think this was their intention, but it is there.

Whether the aldermen can do in three or four weeks what has been done in three years of hard work and study by a Citizens' Committee of well-intentioned, unbiased men of integrity, and in which it has been ignored, I don't know. Reason would not so indicate.

To sum up: Distrust, discontent, dishonest distractions and disinterest all contributed to a defeating vote. But it is there, not deserved in this election.

These men were not giving up, they were doing, and we have a better plan than this. One can hope the people be unified?

Because of this, a second-best, third-best or worse solution must have to be accepted for the people of Granite City in their sewer or pollution-batement project.

Seventh Ward alderman

GC Area Council Of PTAs Outlines Five-Point Program

A five-point program, each with several categories, is being outlined by the Granite City Area Council of PTAs.

The program was discussed at a recent workshop at Washington school. It was devoted to the "latest and best methods of accomplishing PTA goals."

The five major topics and discussion leaders were: "What the Principal Expects from the PTA," Dale Rea, principal at Emerson school; "Officers and Committee Chairmen," Mrs. Elizabeth Broun, secretary, Illinois Congress of Parents and Teachers, assisted by Mrs. Kathleen Tadlock, president of the Area Council.

"Programming and Publicity," Mrs. Doris Buer, Area Council vice-president; "Budgets and Ways and Means," Ralph Monken, Area Council treasurer; and "Membership," Mrs. Lucille Caban, Area Council corresponding secretary.

Principal's Expectations
The main points under the principal's expectations were:

"The principals realize the value of the PTA and are ready to offer general direction when needed."

"PTAs should regulate their own actions to stay within the national by-laws and objects."

"The PTA should be a reality of their programs to educational affairs, needs and problems."

"Encourage attendance by all parents."

"Refuse consideration by the group of personal grievances."

"Refrain from interference in the administration of the school."

"Cooperate closely in scheduling for building use."

"The PTA should help foster respect for the primary purpose of schools 'the education of all children.'"

Officers, Chairmen
A five-step objective was outlined for officers and committee chairmen as follows:

"They should learn as much about their subjects as possible. Read all available PTA literature and take advantage of training sessions, workshops and conferences."

"They should organize their plan of work at the beginning of the year."

"All should develop a spirit of cooperativeness and strive for constructive progress in PTA work."

"They should give principals the opportunity to comment on important proposed projects and programs."

"They should generate enthusiasm."

Programming, Publicity
Under programming and publicity, a six-point outline was presented:

"Have friendly, informative, educational meetings. Keep the business portion brief."

"Utilize the 'Program Packet' information sent to PTAs by the Illinois Congress of Parents and Teachers."

"Send questionnaires to both parents and teachers asking for types of programs they would like to hear and ask for comments and suggestions on how to improve the effectiveness of their PTA."

"Use Rating Slips at every meeting."

"Timely program topics suggested were moral decency, child discipline, better cooperation between home and school, latest methods of teaching, and your child's intelligence."

"Realize the importance of the 'young' your membership has of your PTA. Try to improve it by making all contacts with your membership friendly, informative and constructive. Utilize all aids available to you. Display PTA literature, publicize via the newspapers and radio. Don't forget the importance of letters home to the parents."

Budget, Ways And Means
Under budgets and ways and means, the following five points were stressed:

"Fund raising should be a minor function of PTA work."

"Budgets should be set up at the beginning of the year and kept as low as possible."

"Items to be included should further the objectives of the PTA and should be included only after thorough discussion."

"Frequent solicitation for funds or donations from your membership should be avoided."

"One side benefit from fund-raising projects such as ice cream socials or handicraft fairs is the fostering of fellowship among members."

Membership
The membership discussion brought out the following points:

"Realize the importance of friendly, personal contact in securing members."

"Place emphasis on getting parents and teachers acquainted and familiar with what PTAs are trying to accomplish."

"Remember, our main objective is to 'promote the welfare of children and youth' and working through parents and teachers is one of our main means of accomplishing this. If your programs and action projects are constructive and interesting, we feel they will become members."

"The membership committee gets members—your programs keep them."

Next Month's Program
The next program to be offered by the Area Council of PTAs will be entitled "Your Child and Sex." It will be held at Granite City high school on Nov. 30. Dr. Franklin R. Fitch, social hygiene chairman for the

Illinois Congress of Parents and Teachers, will be the speaker. Officials of the Area Council are:

meet Tempest '63...today!

how's this for exploding the myth that cars have to be expensive to look it! Tempest '63

Maybe you can tell the difference between Pontiac's Tempest (especially that Le Mans) and the high-priced jobs. Besides having a 4 that acts like a V-8, Tempest sports a new 260-hp V-8 that acts like nothing you ever got your hands on before. And besides its beautiful balance, Tempest has Wide-Track this year. And self-adjusting brakes and a tachometer* and fetching style and all kinds of niceties that'll make your Tempest smoother and tougher. About all it doesn't have is a big fat price tag. Vive la difference! Pontiac Tempest

Served in Viet Nam; Speaks To Optimists

Earl Speck, a former U. S. Army warrant officer, who spent 14 months as an electronics instructor in Viet Nam, was the speaker Thursday at the Noonday Optimist club.

He is now an instructor in St. Louis and in the local adult education program at Granite City high school.

The speaker discussed geographical, social and economic facets of the structure in Viet Nam today. The teacher is the number one respected person in the Buddhist country where 70 per cent of the people are illiterate, he said. The farmer rates second.

The country has few public schools, he said, and agriculture is the predominate occupation.

Anthony Kosta and Ray Buen were introduced as the club's newest members. Meetings are held every Thursday noon at the Elk's club.
